PRODUCT DATASHEET DP1-1702USB

DP1-1702USB

(600230)

Programming Station for SEPURA radios SC2020.

General Description

The programming station offers to program your radios with your programming software. As soon as a radio is inserted into a charging slot, it is automatically recognized by the software and can be programmed. In addition to programming, the standard functions of Fast Charge and Trickle Charge are given. As usual is the active function displayed by the two LED on the Charging Slot. The Programming station can be connected by USB connection to PC.

Expansion for SEPURA SC21 Expansion for SEPURA SC21

It is also possible to charge and program SEPURA SC21 radio in this Programming Station. The Adapter Plate SC21 is inserted into the Charging Slot (see picture on the right). The Adapter Plate is to purchase separately.
